Who We Are_

CryptoSky builds relationships, increases brand loyalty, and drives sales by engaging in a wide range of multi-channel marketing campaigns on behalf of our clients. We leverage social engagement platforms to reach your audience through a tailored marketing service designed to fit your needs.

Our team of experts will work with your team to develop the perfect multi-channel marketing campaign that suits your budget, goals, and needs. We will also introduce you to our network of amazing developers, projects, and other cryptocurrency organizations.

We help clients implement and manage marketing strategies through a multi-channel approach. Our team of 20+ global experts will leverage the power of social media and community development in our own discord server to deliver results. We've helped over 150+ cryptocurrency projects build brand recognition, develop social media followings, and bring new users into their communities.

- ❖ **Identify high impact opportunities:** We pinpoint marketing strategies that will drive the best business results with the purpose of maximizing return of investment (ROI).
- ❖ **Implement marketing solutions:** Our team will execute and manage the multi-channel marketing campaigns on social media and across our channels on your behalf.
- ❖ **Marketing Impact:** You will gain invaluable exposure to large groups of active crypto users who are interested in discovering and adopting new blockchain projects.

We have noticed many marketing techniques being used to promote businesses throughout the world such as social media marketing, paid service, content marketing and [much more!](#)

We would like to implement different forms of marketing into our own solutions to benefit those who pay for our services. We would like to invite you to read this document which explains how our marketing solutions work and how they can benefit all areas of your business.

Our Channels

Our services are designed to drive exposure across our channels while building your web footprint so that your project is more easily discovered by crypto adopters, traders, and investors.

Our top channels for community engagement:

CryptoSky Marketing Packages

We have created 2 packages which will offer a range of marketing solutions for you to choose from; social media exposure down to discord promoting. We dedicate our time working with our clients in finding the best possible service suited just for your business.

Alongside our 2 packages system we would like to offer our personalised bespoke service where our clients can choose different services, when it comes to marketing there is nothing better than to be able to pick specific solutions designed to push your business in the right direction.

Packages-

★ General Partnership :- \$400

★ Official Partnership :- \$550

❖ General Partnership :- \$400

This package comes with everything in the Simple Listing package and additional marketing services that can help amplify your reach across a community of active crypto users.

- A dedicated channel in the CryptoSky discord. Alert the CS community of users to your project and keep them up to date with the latest news and developments
- 2 guaranteed posts on Twitter and Facebook.
- One informational blog writing in our website
- Partnership giveaway
- 5 guaranteed Twitter, Facebook, and LinkedIn
- One informational blog writing in our website
- Medium Blog Post

The additional benefits included in this package are designed to further boost awareness while adding some SEO for your project.

❖ Official Partnership - \$550

Becoming an Official Partnership means that your project will become a permanent fixture within our community. You will receive all of the benefits of the CS Partner Listing, inclusion on and a backlink from our website, as well as an announcement in our official telegram channels.

We will work diligently with you to spread awareness of your project, and our team will be available to help you when you need it.

As an Official CS Partner, you will also receive a free, 1 month trial of our Growth Hacking Services! That's 80 social media posts, published on various channels across a month. Read more about the Growth Hacking Service [here](#).

By signing up for the Official Partnership package we will connect you with the team at Solidus Exchange Platform as well with our all partners or whatever you need. In order to list with [Solidus Platform](#), your project will have to meet their [basic requirements](#) as found [here](#).

While having support added to their project is not free but also you will get a discount, they offer enhanced services that include co-marketing and a rewards system. As a CryptoSky client you would receive a preferred rate for their add-ons contained in this deck. Different types of benefits you are able to take for your business development from us.

|^ Growth Hacking

Our team of growth hackers will work with you on a monthly basis to drive organic awareness about your crypto project across various social media platforms. The results of growth hacking can be incredible and leverages organic opportunities that allow you to reach prospective crypto adopters you may not have otherwise been exposed to.

You will get 80 social media posts spread across the month and published on various channels all written and managed by our social media team. The content we create will be relevant, bring attention to your products, and work like a social proof for the effectiveness of your services.
